Mr. John Rodriquez, Chief
Continuing Care Contracts
Department of Social Services
744 P Street
Sacramento, California 95814

Dear Mr. Rodriquez,

Please accept the enclosed Annual Reports and amendments for Forest Hill and Lake Park for the fiscal year ending June 30, 2014.

California-Nevada Methodist Homes uses continuing care contract forms for new residents which have been approved by the California Department of Social Services (DSS). As of October 31, 2014, the Corporation maintains operating and debt service reserves in excess of the DSS requirements. To the best of my knowledge and belief, the information contained within these reports and amendments is true and correct.

Sincerely,

Robert E. Hubbard
President & CEO

Independent Auditors' Report

**Board of Trustees
California-Nevada Methodist Homes**

We have audited the accompanying financial statements of California-Nevada Methodist Homes (a California not-for-profit corporation), which comprise the statements of financial position as of June 30, 2014 and June 30, 2013, and the related statements of activities, functional expenses and cash flows for the years then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. According, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of California-Nevada Methodist Homes as of June 30, 2014 and June 30, 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental information, Statement of Unrestricted Revenue and Expenses by Division, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

CALIFORNIA-NEVADA METHODIST HOMES

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2014 AND JUNE 30, 2013

Note 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of activities:

California-Nevada Methodist Homes (the Corporation) is a non-profit charitable corporation with a primary mission of enhancing the well-being of seniors for the remaining years of their lives through the creation and ethical administration of residential and health care facilities in which the independence, dignity, traditional values and individual rights of each person are held in high regard.

Financial statement format:

The Corporation classifies its net assets and activities into one of three categories: unrestricted, temporarily restricted and permanently restricted. Descriptions of these categories are as follows:

Unrestricted: Those net assets and activities which represent the portion of expendable funds that are available to support operations. A portion of these net assets may be designated by the Board of Trustees for specific purposes.

Temporarily Restricted: Those net assets and activities which are donor-restricted for (a) support of specific operating activities; (b) investment for a specified term; (c) use in a specified future period; or (d) acquisition of long-lived assets.

Permanently Restricted: Those net assets and activities which are permanently donor-restricted for holdings of (a) assets donated with stipulations that they be used for a specified purpose, be preserved, and not sold; or (b) assets donated with stipulations that they be invested to provide a permanent source of income.

Cash and cash equivalents:

Cash and cash equivalents are considered to be short-term, highly liquid investments with original maturities of three months or less.

Accounts receivable:

Accounts receivable represent amounts billed but not yet collected. The Corporation provides an allowance for doubtful accounts based on management's evaluation of a current aging of the accounts. It is the corporation's policy to charge off uncollectible accounts receivable when management determines the receivable will not be collected.

Investments:

The Corporation reports investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

The Corporation invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

CALIFORNIA-NEVADA METHODIST HOMES

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2014 AND JUNE 30, 2013

Note 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Professional accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under professional accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Corporation has the ability to access.
---------	--

Level 2	Inputs to the valuation methodology include:
---------	--

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Equity securities, debt securities, and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Corporation believes its valuation methods are appropriate and consistent with other participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Depreciation:

The Corporation computes depreciation on its property and equipment using the straight-line method of accounting over useful lives ranging from 5 to 50 years.

Amortization of deferred income - entrance subscriptions:

The Entrance Subscription and Continuing Care Agreements between the Corporation and the residents provide for the payment of an entrance subscription. Entrance subscriptions are used for general purposes, including support of operations, debt retirement and capital acquisitions. The subscriptions are recognized as revenue on a straight-line method of accounting over the expected remaining life of the residents as recomputed actuarially at the end of each year. In the case of refundable entrance fee contracts, and upon the death of the resident, the unamortized amount of the entrance fee taken into income is reduced by the amount of the refund embodied in the contract.

CALIFORNIA-NEVADA METHODIST HOMES

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2014 AND JUNE 30, 2013

Note 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Amortization of bond issuance cost:

Certain costs related to the bond issue have been capitalized and are being amortized using the straight line method over the life of the bond.

Amortization of bond premium:

The premium on issuance of the bonds is being amortized to interest expense over the life of the bonds.

Income taxes:

The Corporation has received tax-exempt status under the Internal Revenue Code Section 501(c)(3) and under the California Revenue Code Section 23701(d).

The Corporation recognizes the financial statement benefit of an uncertain tax position only after considering the probability that a tax authority would sustain the position in an examination. For tax positions meeting a "more-likely-than-not" threshold, the amount recognized in the financial statements is the benefit expected to be realized upon settlement with the tax authority. For tax positions not meeting the threshold, no financial statement benefit is recognized. As of June 30, 2014, the corporation has had no uncertain tax positions. The Corporation recognizes interest and penalties, if any, related to uncertain tax positions as income tax expense. The Corporation is relying on its tax-exempt status and its adherence to all applicable laws and regulations to preserve that status.

The Corporation's tax returns are generally subject to examination by federal and state taxing authorities for three and four years, respectively.

New accounting pronouncements:

Accounting for refundable entrance fees:

In July 2012, the FASB amended ASC 954-430-25-1. The amendment modifies the accounting for refundable entrance fees. This revision retroactively changes the amount of amortization of entrance fees the organization should have recognized. This change is effective for fiscal periods beginning after December 13, 2013. Management is evaluating the impact of this pronouncement. The organization estimates the cumulative change to net assets will be approximately \$2.1 million through the year ended June 30, 2014.

Reclassifications:

Certain comparative figures have been reclassified to conform to the financial statement presentation adopted for the current year.

Subsequent events:

Management has evaluated subsequent events through October 17, 2014, the date which the financial statements were available for issue. No significant events were identified that require any additional disclosure.

CALIFORNIA-NEVADA METHODIST HOMES

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2014 AND JUNE 30, 2013

Note 2. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3. CONCENTRATIONS OF CREDIT RISK:

Financial instruments that potentially subject the Corporation to concentrations of credit risk consist principally of cash and cash equivalents, investments and trade accounts receivable. Cash and cash equivalents were held in financial institutions in amounts exceeding the guaranteed amounts of the Federal Deposit Insurance Corporation. Trade accounts receivable are due from Medicare, Medi-Cal and private sources. Investments are held at brokerage firms in amounts which may exceed the guaranteed amount of the Securities Investor Protection Corporation.

Note 4. STATUTORY LIQUID ASSET RESERVE:

Effective January 1, 2005 the State of California Health and Safety Code Section 1792 requires the Corporation to hold reserves to cover its long-term debt service and seventy-five days of net operating expenses. The Corporation is not required to segregate these reserves, and the reserves may be held as cash, investments or letters of credit. The Corporation's assets held by the Trustee can be used to satisfy this requirement. At June 30, 2014 and June 30, 2013, the Corporation had a required reserve of \$4,825,572 and \$4,815,137, respectively, which were held as cash, cash equivalents and investments.

Note 5. INVESTMENTS:

Investments are stated at fair value. Fair value and cost as of June 30, 2014 and June 30, 2013 are summarized as follows:

Investment Type	June 30, 2014		June 30, 2013

Bond reserve	2,232,133	2,197,315
Principal	<u>720,000</u>	<u>685,000</u>
Total bond reserve funds	<u>\$ 3,695,842</u>	<u>\$ 3,643,343</u>

The trustee has invested the funds in governmental money market funds. These earnings will be accumulated and used to fund bond bi-annual interest payments. During the years ended June 30, 2014 and June 30, 2013 bond payments in the amount of \$685,000 and \$650,000, respectively were made from the principal fund.

As of July 1, 2014, the reserve had a surplus, the excess of which was moved to the trustee held as a revenue fund.

Note 9. CHARITABLE TRUSTS:

The Corporation has been named as a beneficiary of Charitable Remainder Trusts. The income beneficiaries of Trust B are entitled to a payment each year calculated at 13.6% of the fair market value of the trust assets as of the date of contribution. The income beneficiaries of Trust C are entitled to a payment each year calculated at 6% of the fair market value of the trust assets as of the first day of each taxable year of the trust.

The Trusts are stated at the present value of the projected balance of the Trusts at termination, net of the amounts due to the income beneficiaries over the term of the Trusts. Changes in the calculated net present value are reported in the statement of activities annually.

The key assumptions used in net present value calculations for the Trusts are as follows:

Note 10. NOTE PAYABLE:

The Corporation has a note payable to a financial institution, payable in monthly installments of \$37,044 including interest at 4.25%. The note payable balance was \$173,611 and \$590,278 as of June 30, 2014 and June 30, 2013, respectively. The note matures during November 2014.

Note 11. TAX EXEMPT BOND PAYABLE:

The construction of the new buildings at Forest Hill and a portion of the costs incurred in the expansion of the Lake Park skilled nursing unit were financed by the Corporation through the issuance of tax-exempt California Health Facilities Financing Authority Insured Revenue Bonds (California-Nevada Methodist Homes), Series 2006 (the "Bonds"), in the aggregate principal amount of \$42,280,000. The Office of Statewide Health Planning and Development of the State of California insures the principal and interest payments on the Bonds. Union Bank of California serves as the trustee. The Bonds are secured by the property, accounts receivable and equipment of the Corporation. The Bonds have a final maturity date of 2036, but were subject to mandatory redemptions beginning in 2011.

The Serial Bonds for the years 2012 - 2016 will be repaid by the Corporation making 12 monthly payments each year to the Trustee. The payments will be equal to the sum of two future interest payments (January 1 and July 1) and the one annual redemption payment (July 1). For the year ended June 30, 2014, the Corporation made twelve payments of \$183,937 totaling \$2,207,250 to fund the Trustee interest payments totaling \$1,487,250 and to fund the redemption of the 2014 Serial Bonds of \$720,000 due on July 1, 2014.

The Term Bonds due in 2026 and 2036 will be repaid by the Corporation making 12 monthly payments each year to the Trustee, beginning in 2017. The payments each year will approximate \$2.2 million a year, funding the sum of each year's two interest payments (January 1 and July 1), with the remaining portion of the payments being deposited into the Trustee held Bond Sinking Fund that will be used to retire a portion of the Term Bonds each year (July 1).

The Corporation is required to maintain a debt service fund equal to approximately one year's debt service with the trustee, which was met at June 30, 2014 and June 30, 2013.

The Corporation is required to meet certain covenants. The Corporation met these covenants at June 30, 2014. The stated fixed interest rate of the Bonds is 5.0%. The bonds were issued at a premium of \$618,163 which is being amortized over the life of the bonds.

Total	<u>\$ 29,745,000</u>	

Note 12. DEFERRED REVENUE FROM ENTRANCE SUBSCRIPTIONS:

The Corporation has several different types of contracts. Type A entrance subscription agreements provides for the right of each resident to terminate the agreement and be entitled to a refund of the original fee less 1.5% of the original fee for each month of residency. A Type B entrance subscription agreement provides for the right of each resident to terminate the agreement and be entitled to a refund of the original fee less 2.08% of the original fee for each month of residency. For guaranteed refundable contracts the refund is never less than 90% of the original fee. At June 30, 2014 and June 30, 2013, unamortized entrance subscriptions (deferred revenue) were \$36,252,866 (2014) and \$32,138,685 (2013), of which \$25,520,578 (2014) and \$20,667,092 (2013) was subject to such refund provisions.

Note 13. SELECTIVE MANAGEMENT COMPENSATION PLAN:

The Corporation has agreements with certain of its key employees. The agreements are designed to provide benefits to be paid to these employees in installments upon retirement or in the event of their death, to a designated beneficiary. Accordingly, the Corporation has accrued deferred compensation of \$110,129 at June 30, 2014 and June 30, 2013.

Note 14. FUTURE SERVICE OBLIGATION:

Professional accounting standards require the Corporation to record a liability recognizing an obligation to provide future services and the use of the facilities to all current residents if the net present value of future net cash out-flows, adjusted for certain noncash items, exceeds the present value of future net cash in-flows. At June 30, 2014 and June 30, 2013 the estimated future service obligation was \$0. The interest rate used to discount the liability was 5.5% in both 2014 and 2013.

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2014 AND JUNE 30, 2013

Note 16. MULTI-EMPLOYER RETIREMENT PLAN:

The Corporation contributes to a multi-employer defined benefit union pension plan that covers all Lake Park employees under collective bargaining agreements. In accordance with the plans, the Corporation makes monthly contributions based on employee hours worked. For the years ended June 30, 2014 and June 30, 2013, the Corporation contributed to the union pensions in the amount of \$43,668 and \$90,936, respectively. Management is not able to determine whether or not there is any unfunded union pension liability at June 30, 2014 as information relating to the plan's funded status each year is not available at the date the statements are available to issue. Balances will vary depending on market conditions. The Corporation has made all required payments during the year. The risks of participating in this multi-employer plan are different from single-employer plans in the following aspects:

- Assets contributed to a multi-employer plan by one employer may be used to provide benefits to employees of other participating employers.
- If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- If the Corporation chooses to stop participating in its multi-employer plan, the Corporation may be required to pay the plan an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The Corporation's participation in this plan for the annual period ended June 30, 2014, is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employee Identification Number (EIN) and three digit plan number. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available to 2013 is for the plan's year end at December 31, 2013. The zone status is based on information that the Corporation received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65 percent funded, plans in the yellow zone are less than 80 percent funded, and plans in the green zone are at least 80 percent funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented. The last column lists the expiration date(s) of the collective-bargaining agreements to which the plan is subject.

The Corporation's contributions do not represent more than 5 percent of total contributions to the plan.

Independent Auditors' Report

Board of Trustees
California-Nevada Methodist Homes

We have audited the accompanying continuing care contract report of California-Nevada Methodist Homes as of June 30, 2014 and the supplemental statement of cash flow - direct method for the year then ended. The continuing care contract report and supplemental statement are the responsibility of California-Nevada Methodist Homes' management. Our responsibility is to express an opinion on the continuing care contract report and supplemental statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the continuing care contract report and supplemental statement are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the continuing care contract report and supplemental statement. An audit of a continuing care contract report and supplemental statement also includes assessing conformity with the provisions of California Health and Safety Code Section 1792 in so far as it relates to accounting and reporting matters. We believe that our audit provides a reasonable basis for our opinion.

The continuing care contract report was prepared in conformity with the accounting practices prescribed by the California Department of Social Services pursuant to provisions of the California Health and Safety Code. This report is not intended to be a complete presentation of California-Nevada Methodist Homes' assets and liabilities on the basis of accounting described above.

In our opinion, such continuing care contract report and supplemental statement of cash flows present fairly, in all material respects, the continuing care contract requirements and cash flows of California-Nevada Methodist Homes as of and for the year ended June 30, 2014, in conformity with the report preparation provisions of California Health and Safety Code Section 1792.

This report is intended solely for the information and use of the board of directors and management of California-Nevada Methodist Homes and for filing with the California Department of Social Services and is not intended to be and should not be used by anyone other than these specified parties.

Resident Representative participation on the CNMH Board of Directors

CNMH currently has a resident representative from each of its two CCRCs. These representatives are elected by each community's Resident Association and serve as non-voting members of the Board of Trustees. They are invited to participate in all regular Board meetings as well as any Board-related meetings involving the discussion of the annual budget, increases in monthly care fees, indebtedness, and expansion of new and existing CCRCs.

Explanation for the increase in monthly fees for the year 2013 - 2014

Before Monthly Fee Increase

- Total revenues forecasted to be \$17,260,114.
- Total expenses forecasted to be \$20,792,148.
- Total operating revenue w/out amortization/contribution income projected to be \$17,260,114.
- Total cash expenses (excluding depreciation, amortization, & amortized interest expense) were forecasted to be \$18,489,937, a net increase in cash expenses of \$503,459 over the prior year's comparable projected expenses.

Primary changes in expenses were as follows:

- We increased the budgeted Marketing expenditures to \$1,333,380, up from \$1,172,660 the prior year.
- Commercial insurance was budgeted to increase by 10% over the prior year.
- Employer's contribution to employee health insurance increased by 8% again.
- Utilities were budgeted to increase by 2% Electric & Gas, 4% Garbage, and 5% Water over the prior year's actual expense.
- Purchased services and supplies budgets were increased between 2% & 3.9% over the prior year due to a small inflation factor and in anticipation of performing some discretionary refurbishment projects.

Rationale to adjust fees:

- Monthly fee revenue was forecasted to be \$11,763,248 without an increase.
- Occupancy levels for the past year were lower than anticipated, with the new budget accounting for a modest overall increase in census.
- An operating ratio of 123.66% was indicated without an increase.
- A monthly fee increase of 4.95% for Life Care contracts and 4.20% for Continuing Care contracts was approved by the Board of Directors, yielding a projected revenue increase of \$540,858 and an operating ratio of 118.82%.
